

REMARKS/ARGUMENTS

Because the specification does not include paragraph numbers, reference has been made to the paragraph position on the appropriate page of published application PCT/IT2004/000041.

In each of the above amendments, references to a fig. 1 have been deleted, as this patent application contains no figures.

Further, in the amendment to the second paragraph from the bottom of page 5, the individual cylinders have been renamed for an easier understanding of the reader.

No new matter has been added.

CONCLUSION

In view of the amendments and remarks submitted herein, Applicant respectfully requests that a timely Notice of Allowance be issued in this case.
